In memory of Hawks scout Gary Wortman who passed away from cancer in October, 2000 the Atlanta Hawks Court Renovation Program renovated courts in underprivileged neighborhoods throughout the Atlanta area each year. With the help of The Home Depot, the Hawks re-paved courts, installed new backboards, nets and fencing, and held a ribbon cutting ceremony to introduce the newly renovated court. Following the ribbon cutting ceremony, Hawks coaches and players along with other front office personnel conducted a clinic for the children living in the renovated court community.
